The Rehabilitation Center for Children and Adults (RCCA) provided 20,846 Physical, Occupational and Speech Therapy treatments to 1,026 people during the last fiscal year.

DIRECTIONS

From I-95 go east on Okeechobee Boulevard, cross the Intracoastal bridge, you’ll be on Royal Palm Way. Go through the light, then at the next unlit intersection turn right on Hibiscus then right again into our parking lot.

The building is on the South West corner of Royal Palm Way and Hibiscus.

Hints: If you see the ocean you have gone too far east. If you’re in the Village of Royal Palm Beach, you went way too far west.

The RCCA roofing update project was completed in summer 2007 while some of the best workers from Roofing Unlimited and Sheet Metal were available. The supervision of General Contractor Greg Lewis and Dave Thompson minimized the impact to patient care. Financial support came through generous undesignated bequests, and the leadership of Connie Purcell’s Insurance, Property and Safety Committee. President Heather Henry and the Board of Governors approved the investment due to our windstorm insurance changes. The board is committed to protecting the sixty year old facility and our important mission to improve people’s function, communication and independence.

The RCCA’s mission continues to provide equal, quality care to all of our patients regardless of their ability to pay. Over half the patients served live in the Town of Palm Beach, and many of those patients have expressed their gratitude through contributions. Executive Director Pam Henderson notes our 25 staff members, 58 board members, 591 donors and countless others work together to improve the lives of 1,000 patients.
