Revenues Budgeted 2016-2017
The Professional Endowment Committee introduces the Rehabilitation Center’s mission and needs to our financial neighbors. Members represent key financial institutions in the Palm Beach area. Current and future planned gifts help families who are uninsured or under insured. Thornton (Tim) Henry, an estate planning attorney with the law firm of Jones, Foster, Johnston and Stubbs, and Past President of the Board of Governors at the Rehabilitation Center, serves as Chairman of the Professional Endowment Committee. At the quarterly committee meetings, members review the latest relevant estate tax information. Annually, the committee sponsors an Estate Planners Reception for attorneys, accountants, trust officers and members of the Center’s Board of Governors. Guests learn how to help the Rehabilitation Center through planned gifts such as wills and charitable trust agreements.

The Professional Endowment Committee also helps increase our neighbors’ awareness of our needs and services. These professionals represent expertise our donors can call upon, as they know both the importance of endowments to our mission and the value of estate planning for the donor’s family. We believe the work of this committee will help insure the financial security of the Center now and in the future. If you know of someone who might be interested in more information, please call the Rehabilitation Center at 655-7266, or contact one of the committee members pictured here. The Rehabilitation Center for Children and Adults is grateful these women and men choose to donate their professional and personal time helping children and adults with physical disabilities.
Rehabilitation Center for Children and Adults
Dedicated to improve people’s physical function, communication and independence

**INSPIRATION.** James Jordan had neck surgeries last Fall with complications of blood clots leading to cardiac arrest that resulted in brain injury. After months of inpatient rehabilitation, in May he was discharged home to his family in Lake Worth. His sister, Melissa, is his best cheerleader. James has received outpatient physical, occupational and speech therapies at the RCCA and has been making improvements in all areas. Occupational Therapist Donna Holmstock reports James’ hard work is inspiration for others.

**MOTIVATION.** W. Bradford Gary had a hip replacement in January and started therapy 6 weeks later. His strength is much improved and he continues to work on stretching tight muscles in his leg and hip. Because of his motivation, he has recently resumed bicycling 9 miles a day and kayaking. Mr. Gary states “I couldn’t have recovered without my Physical Therapy team, including Ellen O’Bannon and Rich Sylvester.” He also reports his left shoulder continues to be strong from his therapy 3 years ago.

**CELEBRATION.** Nicholas Lockhart just turned 2 years old. He started speech therapy in February 2016 for delays in speech and language and swallowing difficulties due to being born prematurely. His Speech-Language Pathologist Leslie Kelly celebrates his continued progress towards his goals to follow directions, identify and name items to make requests, greet people appropriately, drink independently and eat a variety of solid foods. In May 2016, he was adopted by his foster mother, Shelli.

CHOICE MATTERS

As a consumer, if you need therapy, you can choose where you go and whom you see. You may ask your friend, your neighbor, or your physician. Ultimately, you are the one who chooses.

You can initiate therapy at the RCCA by calling 655-7266, or by asking your doctor to fax a prescription to 655-3269.

For more information go to www.rcca.org or come in anytime for a tour.

You can now choose to receive this newsletter via email; please call 655-7266 or email info@rcca.org
