An injury can be difficult to recover from on many levels, but one thing’s for sure: recovery happens better and quicker with professional help. We are here for those who need specialized physical therapies, ready to guide each patient along his own path to recovery at the Rehabilitation Center for Children and Adults.

Our team of distinguished specialists and therapists offer more than expert care. They actually care – about each patient, every day, and work hard right alongside the patient to get them back on track as quickly and comprehensively as possible.

When only the best will do, there’s no better place to get better than the Rehabilitation Center for Children and Adults.

Your first step on the road to recovery is to contact us in whatever way is convenient:

- **Self-Referral** - Call or walk in at your convenience to find out if an evaluation will help your problem.

- **Ask Your Physician for a Referral** - Your doctor can mail, phone, or fax a prescription directly to our Center. Our prescription form can also be completed and returned by your doctor.

- **Visit Us Anytime** - Feel free to call us or come in to tour our facility and schedule an evaluation.

- **Bill Your Insurance** - We now offer direct billing to make filing your insurance claims easy - so you don’t have to deal with forms, claims, and phone calls - and can focus on your recovery.

Like our new Look?

The goal was to make the newsletter more attractive, more readable and more interesting. Many of our supporters know Carey O’Donnell and her eponymous O’Donnell Agency, one of Florida’s leading advertising and PR firms. Carey offered to create a new look for our newsletter – at no charge. As a former Palm Beacher, she knows and loves our organization. She assigned one of her senior designers the task, Amanda Sueiro Rier, and we are now the proud owners of a new design with a fresh, uplifting “mark,” or graphic icon, placed above our logo type. Amanda was inspired by the hope and pursuit of wellness that we offer here, and chose a leaf to represent growth and development. The sun is central to the image, and all the elements come together to form a human-like shape, celebrating with raised arms.

Our newsletter now has a more contemporary look and is much easier to read. We hope you enjoy it!
