Rehabilitation Center for Children and Adults (RCCA) supporters celebrates 30 Years and Going Strong at the 30th annual Spring Luncheon. The goal is to ensure a memorable and better-than-ever fundraising effort.

The always enjoyable event starts with cocktails and the arrival of the RCCA preschoolers at The Colony Hotel, Coral Ballroom in Palm Beach. Leading the event are Chairwoman Constance Thomas and Co-Chairwomen Meredith Hunt and Carling Pinckney. All event proceeds will be devoted to the preschool program, which is an integral aspect of the educational experience for the RCCA.

The organization continues to support our community as a not-for-profit outpatient therapy center that is dedicated to improving people’s physical function, communication and independence. Through occupational and physical therapy, speech-language pathology and our preschool programs, we make a lasting and positive difference in the lives of families who face disabilities and injuries.

PROFESSIONAL ENDOWMENT COMMITTEE

The Professional Endowment Committee (PEC) introduces the Rehabilitation Center for Children and Adults’ mission and needs to our financial neighbors. Members represent key financial institutions in the Palm Beach area. Current and future planned gifts help uninsured or underinsured local families receive much-needed individualized and customized therapy services. At the quarterly committee meetings, members review the latest relevant estate tax information.

The PEC also helps increase our neighbors’ awareness of our needs and services. These professionals represent expertise our donors can call upon, as they know both the importance of endowments to our mission and the value of estate planning for the donor’s family. We believe the work of this committee will help insure the financial security of the Center now and in the future. If you know of someone who might be interested in more information, please call the RCCA at 655-7266 or contact one of the committee members pictured here. The RCCA is grateful these women and men choose to donate their professional and personal time helping children and adults with physical disabilities.
